Andy,

These are very interesting observations.

Mark and Mike,

Yes we do have the new consent order and it is very helpful in explaining what is happening now in the Parkersburg area.

Here are a few specific things I have noted:

Hi Mark,

I was able to get it from either Lynne or Amy and passed it along. Probably forgot to copy you. Let me know if you want a copy.

Andy,

This is a Safe Drinking Water Act Case. I don't know who the attorney is on it. It shouldn't be a problem getting a copy of it though since I think all the SDWA cases go out for public comment anyway. There must be info Mike can get about how to request a copy. It should be easy for the EPA HQ attorney contact in OCE to email it within EPA. Let me know if you want me to ask someone in Water Enforcement Division about it.

Mark and Mike,

Any chance you can get us a copy of the new consent order with Chemors?

<http://www.newsandsentinel.com/news/local-news/2017/01/epa-adds-chemours-to-water-order/>

We're interested in seeing exactly where the water sampling and remediation will be required.

Thank you very much,

Andy
